The SEVEN SINS

Journey from Shadow into Light

The seven Cardinal Sins are based on the seven fundamental human qualities which are symbolised by the seven personal planets – Sun, Moon, Mercury, Venus, Mars, Jupiter and Saturn – all are central to astrology. Each of these qualities carries both a light and a dark side within itself. Dealing with this polarity consciously can make life rich and fulfilling, but if it remains unconscious, it can also lead to hardship and unhappiness.

In this profound, psychologically based analysis of personality, Liz Greene examines the birth chart in the light of the age-old concept of the seven Cardinal Sins. She shows in what form each of them can manifest in your personal life, what creative potentials each of them may hinder or thwart, and how this apparently destructive dynamic can eventually be transformed into a constructive, life-enhancing expression of the personality.

The Seven Sins discusses the creative as well as destructive potentials of each Sin as shown by your natal chart:

Envy - Finding an inner authenticity that provides deep self-esteem throughout life.

Gluttony - Discovering a powerful inner aspiration that opens new dimensions of awareness

Wrath - Transforming rage and resentment into courage and self-affirmation

Pride - Experiencing love of the inner Self

Lust - Realizing a profound inner experience of beauty and joy

Deceit - Developing the worldly wisdom that allows a grounded as well as ethical adaptation to life

Sloth - Transmuting apathy and depression into serenity and acceptance of life's cyclical nature

The Shadow Dance & the Astrological 7th House Workbook

\$24.95 + \$10 P&H

The Workbook is designed to help you do your own Shadow Work and to use your birth chart to see your 7th house requirements. The planets in, or ruling the 7th house, and in aspect to Venus, will give you details of what you are missing in yourself. Knowing their astrology, two people have detailed information to help them learn to cooperate and compromise (two key Libra words).

IN THIS BOOK YOU WILL LEARN:

- The concept of the Shadow, a term coined by the eminent psychiatrist, Dr. Carl G. Jung, how it is formed and where it stems from.
- Repetitive patterns in relationships and why they occur. The term "projection" and what that means to each individual. This can be relationships with spouses, bosses, siblings, friends, anyone so all relationships.
- How to meet people halfway and discover your missing parts.
- Astrology. A synchronistic model = A tool for Self Awareness that can help you in all your relationships as you see the many characters that you inherently are. How all these parts need a place to be expressed in your life.
- How the Astrological 7th House, in particular can help you discover the parts of yourself that get projected whenever a "fascination" with a potential lover (or what drew two people together in the first place) occurs. Or a person you "hate" or "cannot stand" as both contain parts of our Shadow.
- Some essential ingredients for communication and how each person can contribute to improving the quality of their relationship by owning their own Shadow.
- Ultimately we will find out we are not victims, that all our relationships are purposeful and that the Universe brings to us exactly what we need to become conscious of our many "Selves" hidden in the unconscious part of us that Jung called our Shadow.

Rebeca Eigen, Astrological Marriage & Relationship FIXER uses the astrological birth chart to evoke the symbolic and help you become more aware of your total Self. Her study of the Shadow has given her an invaluable awareness of the unconscious and the role it plays in the relationships that we attract into our lives. We know from studying myth that Beauty eventually learned to love the Beast.
