

Relationships, Shadow Work & the 7th House

COURSE DESCRIPTION

This experiential course is about relating to 'others' and is not just for couples. ALL relationships will improve when you learn about your Shadow self. Carl Jung's life work was in learning to go into his own unconscious. His discovery of the shadow is a gift like no other as this part of us is with us at all times, whether we know it or not. He said,

"Most people confuse 'self-knowledge' with knowledge of their conscious ego personalities. Anyone who has any ego-consciousness at all takes it for granted that he knows himself. But the ego knows only its own contents, not the unconscious and its contents. People measure their self-knowledge by what the average person in their social environment knows of himself, but not the real psychic facts which are for the most part hidden from them."
