## **Astrology Reports by Robert Pelletier and John Townley**

**AstroText PORTRAIT - \$35.00** + \$8. P&H

**Planets in House, Signs and Aspects**  
by Robert Pelletier - How well do you know yourself?

— **AstroText Portrait** is an analysis of your character and personality, based on the delineation of the planets by sign, house and aspects. It starts with an interpretation of your sun and moon combination, followed by a reading of your ascendant or rising sign and the house position of its ruling planet. After a brief introduction to the meaning of each house, the computer prints an interpretation of every planet located in that house and the aspects from that planet to others in your chart. AstroText Portrait can be ordered for anyone over 14 years old. For younger children, and for insights into your own childhood, we offer Youth Horoscope. *Specify gender, birth date, time and place.*

**YOUTH Horoscope - \$35.00** + \$8. P&H

**The Horoscope for Younger People**  
by Robert Hand

— **Youth Horoscope** helps you to understand your children, and how you can support them in dealing with the problems they face in growing up. It focuses on the child or adolescent whose world-view, while broadly mapped by the birth horoscope, is more fluid and in process of formation. It describes the planetary influences at birth with an emphasis on children's concerns, such as family and peer relationships, independence and responsibility, values and decision-making. It discusses the child as a learner, stressing specific qualities that he or she will need to develop to cope successfully with the challenges of life. 20-25 pages. *Specify gender, birth date, time and place.*

**PARTNER Horoscope - \$35.00** + \$8. P&H

**Composite Horoscope Interpretation for two persons based on Planets in Composite**  
by Robert Pelletier

— **AstroText Partner** is based on the composite of the two natal charts. Using this method, a third chart is created — a chart of the relationship itself. When two people come together, something new emerges which has its own identity, development pattern and independent energy. This is one of the reasons why we behave so differently in different relationships. The nature of the relationship itself causes a different response in us. To fully understand a relationship, however, you must first understand the people in it. We recommend that you do not rely only on Partner Horoscope to understand your relationships. Get an individual report for yourself and for your partner also. *Specify gender, birth date, time and place for both partners.*

**Horoscope about Love, Flirtation and Sex**

The complete version comprises 20 - 30 pages and is divided into eleven chapters: one for each planet including the Sun and Moon as well as your Ascendant. Each chapter gives an introduction to the planet concerned. *Specify gender, birth date, time and place.*
